

LINKS FUNCTIONS & EVENTS CENTRE

COVID-19 Protection Framework - ORANGE

Effective Friday 3rd December, 2021

The number one priority for Links Functions & Events Centre is the health, safety and wellbeing of our staff, visitors and the wider community. If you do not wish to be vaccinated against COVID-19, we respect your personal choice and rights to make that decision, however Links Functions & Events Centre will be complying with all regulations & requirements of the COVID-19 Protection Framework as a My Vaccine Pass (MVP) venue.

My Vaccine Pass is the official record of your COVID-19 vaccination status for use in Aotearoa New Zealand. It verifies that you have had the required number of vaccinations to comply with the CPF and is needed for anyone over 12 years and 3 weeks of age.

From Friday 3rd December, on arrival at Links you will be legally required to provide your Vaccine Pass in order to enter our facilities in the current traffic light setting - ORANGE. It is therefore necessary for our staff to sight individual printed or digital My Vaccine Passes to verify your vaccination status is current. Non-vaccinated guests will not be able to enter the facilities and, if identified as non-vaccinated, will be asked to leave. Please note that official medical exemptions are valid as part of the MVP process.

We will review our policy in light of any new government mandates and as the situation evolves.

On arrival at Links Functions & Events Centre:

- **STEP 1**
Have your My Vaccine Pass (MVP) card or screenshot ready to present to our staff when requested.
- **STEP 2**
Once your vaccination status is verified, proceed inside and scan the QR code provided in your Tracer App, or sign in manually using the register supplied.
- **STEP 3**
Proceed to your event and enjoy our hospitality.

As individual MVP checks are required to comply with this system, we acknowledge that this process will slow down access to the venue. We therefore encourage you to allow additional time prior to the start of your event to ensure that you are not inconvenienced in any way.

Please continue to practice good hygiene as follows:

- Face coverings are encouraged for customers when they are not eating or drinking
- Regularly wash and thoroughly dry your hands or use hand sanitiser
- Sneeze and cough into your elbow
- Keep your distance from people you do not know
- If you have cold, flu or COVID-19 symptoms, stay home and get a test

Thank you for your patience and understanding as we implement this framework.
